Betsy - Did you include Kate's comments in your fish comments?

Hi Joe,

Sorry, I already incorporated the first version.

There will be plenty to refine as we go. Let me know if someone is doing something else with them now at this point.

Thank you,

Betsy

Hi All,
I've sent my notes to Betsy, but uploaded a copy to the site just in case they are useful to anyone else at this point (at this late moment; Apologies for delay).
Betsy, feel free to delete that file on Sharepoint once you've loaded full comments.

Folks

Kate and I have added our comments to the file Amy created. Can folks give a heads up when they have loaded their comments to this file?

Thanks, Palmer

All –

As discussed, the 404 staff would appreciate seeing your draft fish comments as they are ready, as they relate to one another and prefer not to be duplicative on fish issues. Please file your comments (Word) documents in a folder I have created for us on the Pebble Sharepoint site, and we will do the same:
